

15. You have successfully entered in SAP BTP trial Home screen.
Click on **Go to Your Trial Account**

Welcome to SAP BTP Trial

Learn how to create and deploy cloud apps and gain access to a comprehensive set of platform services.

[Go To Your Trial Account](#)

Quick Tool Access

-  **SAP Business Application Studio**
Develop business applications using SAP's next-generation, Web-based IDE
-  **CLI for BTP**
Manage your trial account using the command-line interface
-  **APIs for SAP BTP**
Manage, build, and extend the core capabilities of SAP BTP

16. Read the **New SAP BTP Trial period** details and close dialog box

New SAP BTP Trial Period

As of mid-February, the overall trial period will be 90 days. This affects new SAP BTP trial accounts and existing accounts that have more than 90 days left. Once the 90-day trial period is over, your account will be deleted. You can then set up a new trial account.

You can check the remaining days of your trial period in the top-right corner of the SAP BTP cockpit.

If you would like to try out SAP BTP services for free without time limits, you can sign up for a Pay-As-You-Go for SAP BTP or CPEA account with free-tier service plans. These are open to customers, partners, and individual developers.

For more information, see [Trial Accounts and Free Tier](#).

SAP partners can find additional information about Pay-As-You-Go for SAP BTP with free tier service plans on the [SAP Partner Portal](#).

17. The global trial account contains one subaccount and space.
Navigate to subaccount by clicking on the tile named trial.

The screenshot displays the SAP BTP Cockpit interface. The left sidebar contains a navigation menu with the following items: Account Explorer (selected), Resource Providers, Boosters, System Landscape, Entitlements, Usage Analytics, Help and Support, Useful Links, and Legal Information. The main content area is titled 'Global Account: trial – Account Explorer' and shows 'All: 0 directories, 1 subaccounts | Subdomain: ec58c463trial-ga'. Below this, there is a search bar and a dropdown menu for 'All Regions'. The 'Subaccounts (1)' tab is active, displaying a single subaccount tile named 'trial'. The tile provides details: Provider: Amazon Web Services (AWS), Region: US East (VA), and Environment: Multi-Environment. A yellow hand icon with a pointing finger is overlaid on the 'trial' tile, indicating the action to click on it.

18. Click on tab **Cloud Foundry Environment**

The screenshot displays the SAP BTP Cockpit interface. The left sidebar contains a navigation menu with the following items: Overview, Services (expanded), Cloud Foundry (selected), HTML5 Applications, Connectivity, Security, Entitlements, Usage Analytics, Help and Support, Useful Links, and Legal Information. The main content area is titled 'Subaccount: trial - Overview' and features a tabbed interface with 'General', 'Cloud Foundry Environment' (active), 'Kyma Environment', and 'Entitlements'. A yellow hand icon points to the 'Cloud Foundry Environment' tab. Below the tabs, there are two summary cards: 'Entitlements' with a value of 80 and 'Instances and Subscriptions' with a value of 2. The 'Cloud Foundry Environment' section displays the following details: Subdomain: 3trial, Tenant ID: 135e...13e69c4b0, Subaccount ID: 135e...13e69c4b0, Provider: Amazon Web Services (AWS), Region: US East (VA), Environment: Multi-Environment, Created On: 25 Feb 2023, 17:17:20 (GMT+05:30), and Modified On: 25 Feb 2023, 17:17:35 (GMT+05:30). At the bottom, the 'Cloud Foundry Environment' section shows the API Endpoint: https://api.cf.us10-001.hana.ondemand.com and Spaces (1).

Cloud Foundry Environment

API Endpoint: https://api.cf.us10-001.hana.ondemand.com | Spaces (1)

19. To get to the space in which your applications and services live, click on the **dev** space

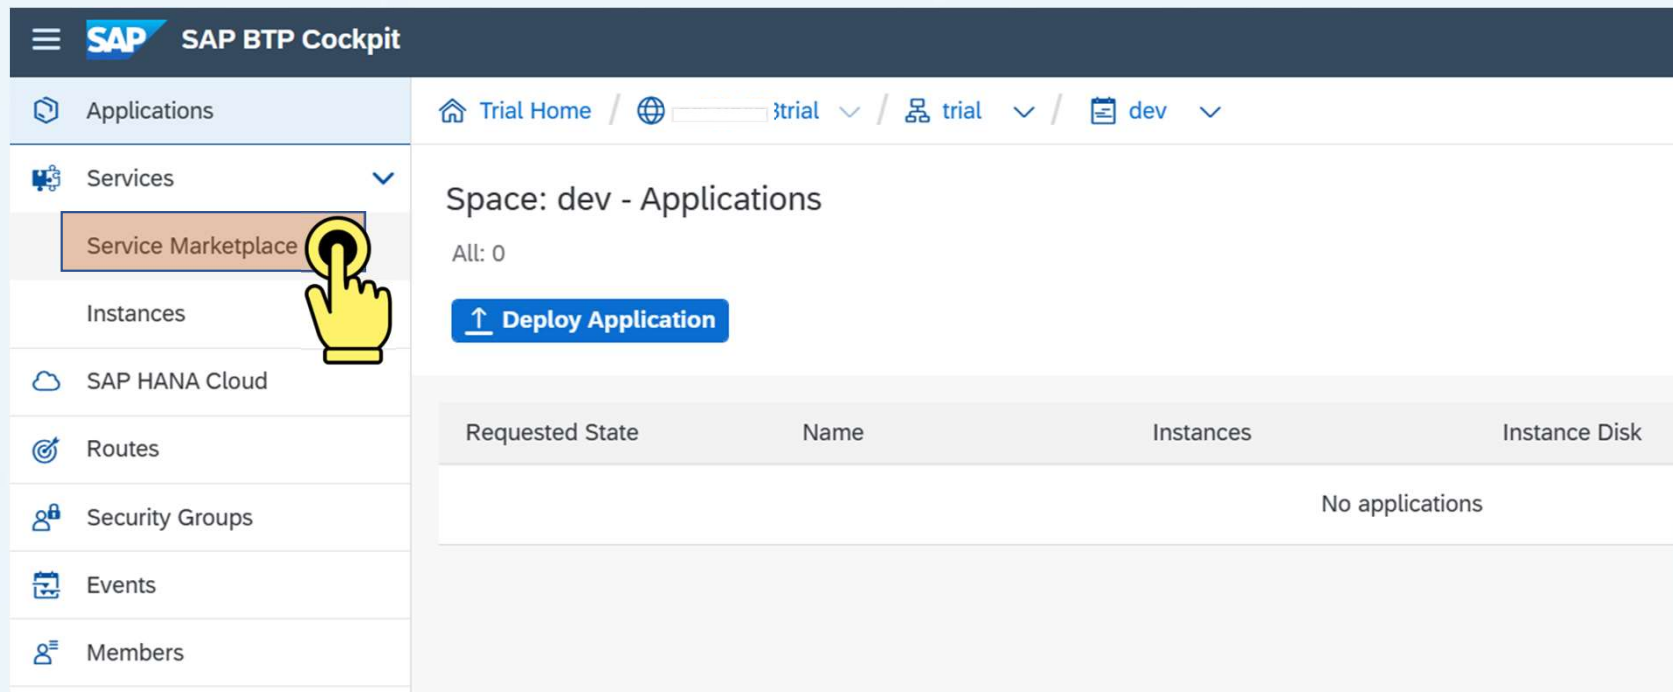

The screenshot displays the SAP BTP Cockpit interface. The left sidebar contains a navigation menu with the following items: Overview, Services (expanded), Service Marketplace, Instances and Subscriptions, Cloud Foundry, HTML5 Applications, Connectivity, Security, Entitlements, and Usage Analytics. The main content area is titled 'Subaccount: trial - Overview' and features tabs for General, Cloud Foundry Environment (selected), Kyma Environment, and Entitlements. Under the 'Cloud Foundry Environment' tab, the 'Cloud Foundry Environment' section shows the API Endpoint as <https://api.cf.us10-001.hana.ondemand.com>, the Org Name as '3trial', and the Org ID as '8f8b4' followed by a masked value '5336372'. A 'Manage environment instance' link and a 'Disable Cloud Foundry' button are also present. To the right, the 'Spaces (1)' section includes a 'Create Space' button and a table with the following data:

Name	Applications	Service Instances
dev	0	0

A yellow hand icon with a pointing finger is positioned over the 'dev' space row, indicating the action to click on it. The 'dev' space row is highlighted with an orange background.

20. Cloud Foundry space is the logical container of your runtime artifacts such as Applications, and Service Instances.

The Service Marketplace is where you can find services to attach to any of your applications. These services are provided by SAP Cloud Platform to make it easier to create, and produce, web applications quickly and easily.

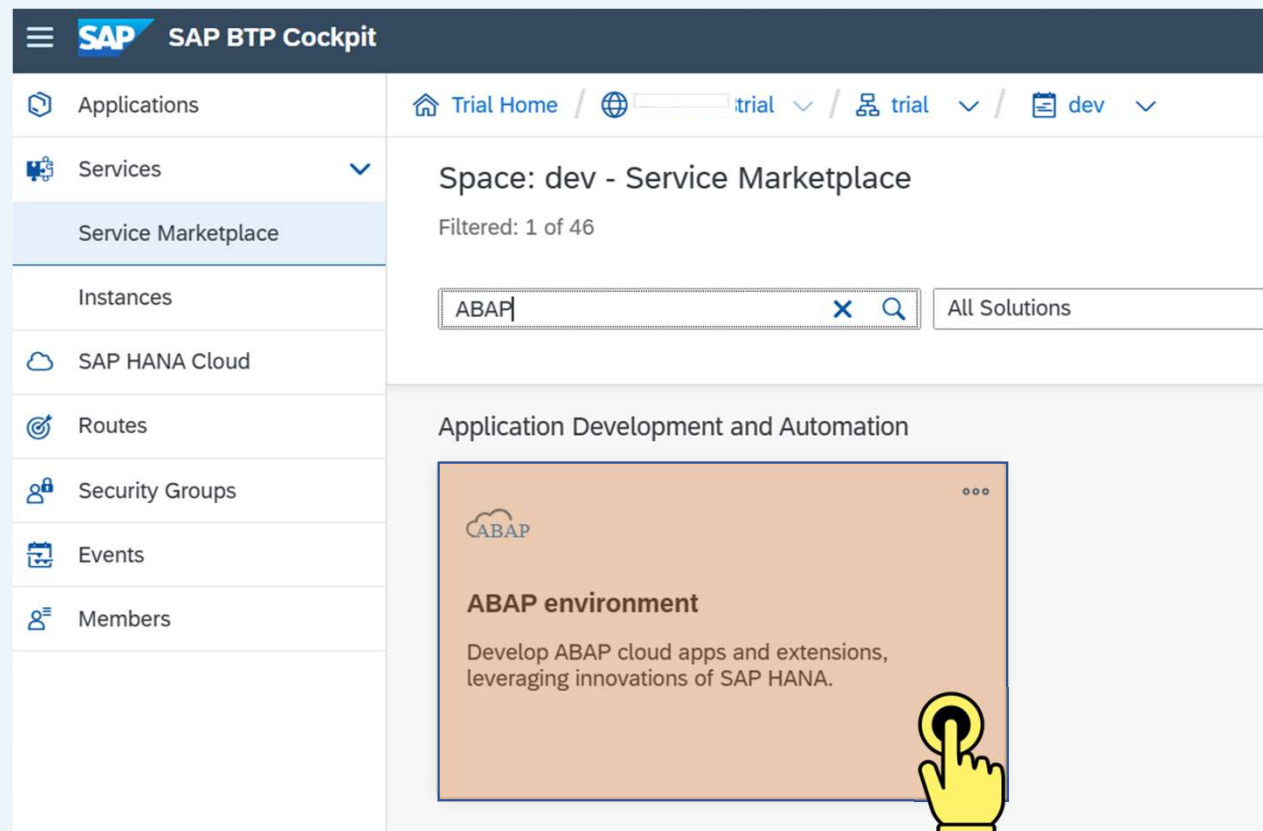

The screenshot displays the SAP BTP Cockpit interface. The left sidebar contains a menu with the following items: Applications, Services (with a dropdown arrow), Service Marketplace (highlighted with a red box and a yellow hand icon), Instances, SAP HANA Cloud, Routes, Security Groups, Events, and Members. The main content area shows the 'Space: dev - Applications' view. At the top of this view, there is a breadcrumb trail: Trial Home / Trial / trial / dev. Below the breadcrumb, it says 'All: 0' and there is a blue button labeled 'Deploy Application'. A table is displayed below the button with the following headers: Requested State, Name, Instances, and Instance Disk. The table currently shows 'No applications'.

Requested State	Name	Instances	Instance Disk
No applications			

21. Click on service **ABAP Environment**.

Using this service, you can access a shared instance to build custom ABAP cloud apps, leveraging newest innovations powered by SAP HANA.

22. Click on **create** button to create Instance of service ABAP Trial.

The screenshot displays the SAP BTP Cockpit interface. The left sidebar contains a navigation menu with items: Applications, Services (selected), Service Marketplace, Instances, SAP HANA Cloud, Routes, Security Groups, Events, and Members. The main content area is titled 'Space: dev - Service Marketplace' and shows a search bar with 'ABAP' entered. Below the search bar, a card for 'ABAP environment' is highlighted with a blue border. The card includes the ABAP logo and the text 'Develop ABAP cloud apps and extensions, L...'. To the right of the card, a 'Create' button is visible, with a yellow hand icon pointing to it. The right panel shows the 'ABAP environment' details, including the name 'abap-trial', tabs for 'Overview' and 'Service Plans', and a description: 'Access a shared instance to build custom ABAP cloud apps, leveraging newest innovations powered by SAP HANA.' Below this, there is a 'Documentation' link and a 'Service Plans' section. The 'Service Plans' section includes a table with the following data:

Plan	Description	Environments	Active
shared	This plan allows trial access to a shared ABAP system.	Cloud Foundry	...
