

Starting Eclipse IDE

### 13. Select ABAP perspective.

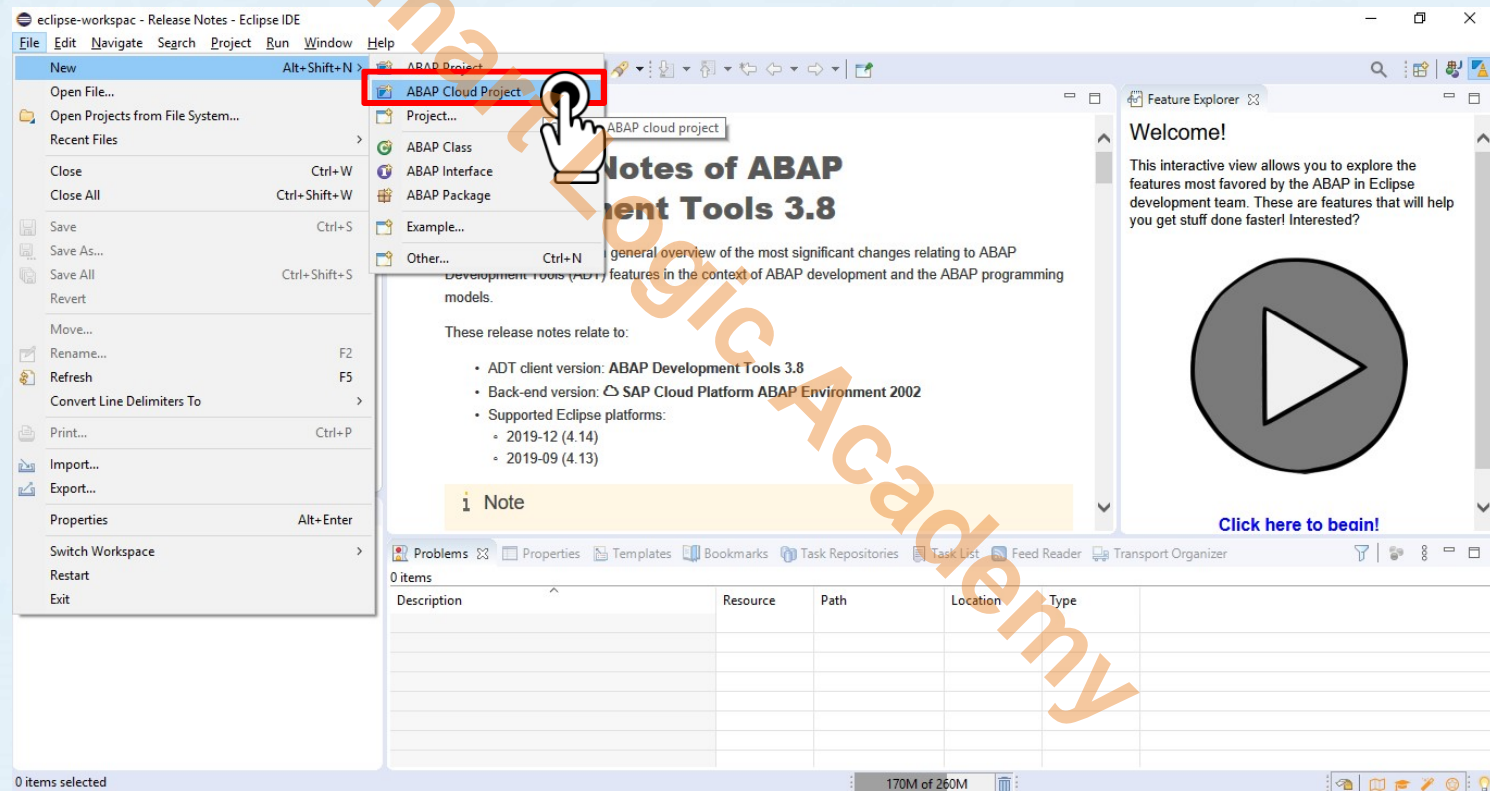

Windows -> Open Perspective -> other -> ABAP

[illegible]

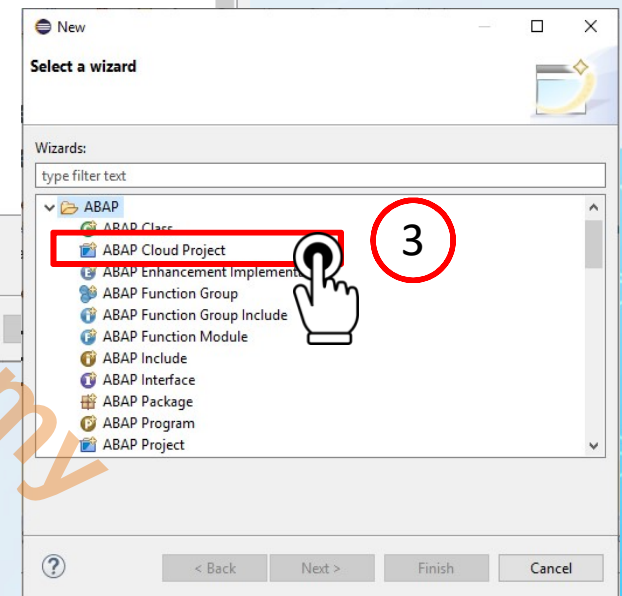

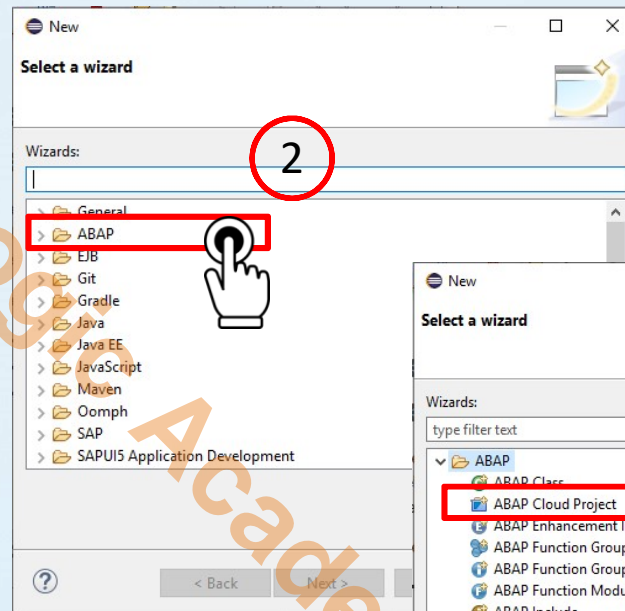

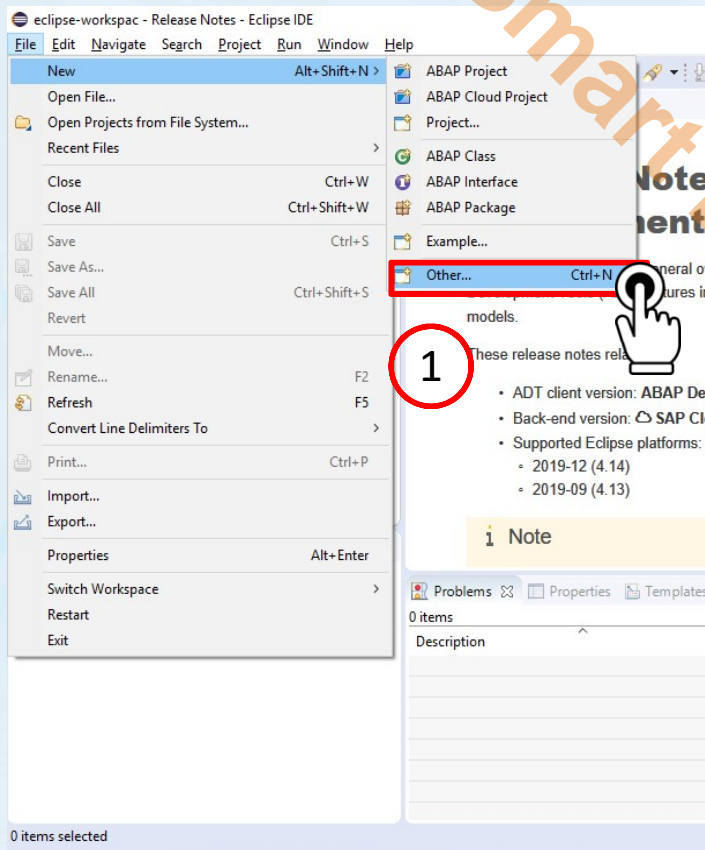

#### 14. Method 2: To create **ABAP Cloud Project**.

File -> New -> ABAP Cloud Project

#### 14. Method 3: To create **ABAP Cloud Project**.

File -> New -> Other -> ABAP -> ABAP Cloud Project

15. Select **SAP Cloud Platform Cloud Foundry Environment**, click on **Next**

New ABAP Cloud Project

**System Connection to SAP Cloud Platform ABAP Environment**

Select how to establish the system connection for the new ABAP cloud project.

Service Instance Connection

☒ **SAP Cloud Platform Cloud Foundry Environment**  
Select this option to enter the logon data of your account. The service key is provided by the Cloud Foundry Environment.

☐ **Service Key**  
Select this option to enter your service key in JSON format.

< Back **Next >** Finish Cancel

16. Select the same region that you have chose while creating trial account on SAP cloud platform.

Remember :

Welcome to Your Personal Trial

Hi giri,

It looks like it's your first time accessing the SAP Cloud Platform trial. To finalize your trial account creation, choose the region that's closest to you:

☒  Europe (Frankfurt)

☐  US East (VA)

[Create Account](#)

18. To get correct value for Email field, go back to **SAP Cloud Platform**. go to space tab **dev** then **Members** and copy email ID from here.

The image displays three sequential screenshots of the SAP Cloud Platform Cockpit interface, illustrating the steps to access the email ID of a member in the 'dev' space.

**Screenshot 1:** The top navigation bar shows the 'dev' space selected. A red box highlights the 'dev' tab, and a hand icon points to it. A red circle with the number '1' is next to the tab.

**Screenshot 2:** The left sidebar shows the 'Members' option selected. A red box highlights the 'Members' link, and a hand icon points to it. A red circle with the number '2' is next to the link.

**Screenshot 3:** The 'Space: dev - Members' page is shown. A red box highlights the email address 'GI...@GMAIL.COM' in the 'Email' column. A red circle with the number '3' is next to the email address.

19. Paste copied email ID and enter password.

< Back Next > Finish Cancel

21. Click on dropdown button to select **Space**

The screenshot shows a dialog box titled "New ABAP Cloud Project" with a sub-header "Connection Settings to SAP Cloud Platform Cloud Foundry Environment". Below the sub-header is the instruction: "Specify the connection settings of the service instance using the drop-down list boxes". The dialog contains three fields under the "Service Instance Details" section:

- Organization:** A dropdown menu showing "P...trial\_p2...trial" with a downward arrow.
- Space:** A dropdown menu showing "dev". This field is highlighted with a red rectangular box, and a hand cursor is pointing at the dropdown arrow.
- Service Instance:** A dropdown menu showing "Please select ...".

At the bottom of the dialog, there are four buttons: a help button (question mark icon), "< Back", "Next >", "Finish", and "Cancel".

22. Click on dropdown button to select **Service Instance** and click on **next**.

The screenshot shows a Windows-style dialog box titled "New ABAP Cloud Project". Below the title bar is the subtitle "Connection Settings to SAP Cloud Platform Cloud Foundry Environment" and a instruction "Specify the connection settings of the service instance using the drop-down list boxes". The dialog contains three dropdown menus under the heading "Service Instance Details": "Organization:" with the value "P2 trial\_p 6trial", "Space:" with the value "dev", and "Service Instance:" with the value "abapincloud". The "Service Instance:" dropdown is highlighted with a red rectangle. At the bottom of the dialog, there are four buttons: "< Back", "Next >", "Finish", and "Cancel". The "Next >" button is highlighted with a red rectangle, and a mouse cursor is clicking on it.

23. To login service instance you have to enter the logon credentials of the SAP Cloud Platform.

The screenshot shows a web-based login interface for a 'New ABAP Cloud Project'. The title bar of the window reads 'New ABAP Cloud Project'. Below the title bar, the heading 'System Connection Using a Service Key' is displayed, followed by the instruction: 'Enter the logon credentials of the SAP Cloud Platform Identity Authentication Service (IAS) tenant configured for your SAP Cloud Platform Cloud Foundry subaccount.' The main content area is titled 'Service Instance Logon' and features a 'Welcome to trial!' message. Below the welcome message, there are two input fields: the first contains the email address 'HX2@GMAIL.CC x|' and the second is a password field represented by a series of dots. A blue 'Log On' button is positioned below the password field and is highlighted with a red rectangular border. A hand cursor icon is pointing at the 'Log On' button. At the bottom left of the main content area is the SAP logo, and at the bottom right is the copyright notice 'Copyright © 2020 SAP SE. All rights reserved.' Below the main content area, there are two buttons: 'Log on with Browser' and 'Copy Logon URL'. At the very bottom of the window, there is a navigation bar with four buttons: '< Back', 'Next >', 'Finish', and 'Cancel'.
