SAP FIORI SECURITY - SETUP AND SECURITY

Shervil

These are the relevant OData services for the SAP Fiori Launchpad resp. the SAP Fiori Launchpad designer:

OData Service	Purpose
/UI2/PAGE_BUILDER_CONF	used by the launchpad designer
/UI2/PAGE_BUILDER_CUST	used by the launchpad designer
/UI2/PAGE_BUILDER_PERS	used by the launchpad
/UI2/TRANSPORT	used by the launchpad designer
/UI2/INTEROP	used by the launchpad and launchpad designer

To activate them, you can use the transaction **/N/IWFND/MAINT_SERVICE** to activate them separately and use **LOCAL** as the system alias
